Y. M. C. A. NIGHT SCHOOL.

REPORT FOR THE WEEK.

Monday night, 2 teachers present, 34 scholars; Tuesday, 4 teachers, 42 scholars; Wednesday, 1 teacher, 41 scholars; Thursday, 1 teacher, 42 scholars; Friday, 1 teacher, 27 scholars. Average attendance of teachers for the week, 2; average attendance of scholars, about 37.

A serious falling off in the number of teachers has been occasioned by the removal of some of the teachers of others. Teachers are urgently needed for Monday and Thursday nights. The order of exercises has been changed somewhat, and now stands as follows: Monday night, Reading and Arithmetic; Tuesday, Geography and Arithmetic; Wednesday, a competition examination in Spelling by the entire school; Thursday, Grammar, Reading and Writing; and Friday, Music and General Exercises. The Spelling contest this week was unusually prolonged and exceedingly interesting. Much profit is derived from the plan adopted for conducting this exercise. It is earnestly hoped that the school may not suffer for want of teachers. When it is considered that most of these boys come to school after a prolonged and fatiguing day's work, in many cases extending over 12 hours, it is believed that they will not be permitted to go untaught for want of volunteers.

FIGHT ON A VESSEL.—At a late hour last night a fight occurred among the colored crew of the schooner Mary R. Somers, lying at the wharves of the American Coal Company, on board of that vessel. The captain and mate were awakened by the disturbances, and going upon deck found three colored men armed with marine specks engaged in a furious combat, and one, who had been struck on the ribs with a belaying pin and knocked overboard, was struggling in the water. The captain instantly seized the foremost and knocked him down, and the other two, and rescued the one who was drowning, but who it appeared had been seriously injured by the blow he had received. The man who struck him has since deserted the vessel and made his escape.

A Card—Encourage Home Trade.

We would most respectfully call the attention of gentlemen, and particularly those who are in the habit of wearing the best and most stylish apparel, both in over and undergarments, and who have hitherto gone to merchant tailors and to Washington for their supply, to our most complete, fine and stylish stock of goods. We have spared no means for the accomplishment of a first-class establishment in this city. We have procured the very best cloth to be found in the city of New York, both in material and workmanship, and we have the very latest styles, such as we are confident cannot be found ready made even in Washington. We are willing to sell them reasonably, much lower than the like can be procured at a merchant tailor's or in Washington. For the verification of this assertion, call and see us. You cannot judge without you see. No trouble to show goods. We delight in the exhibition of our fine stock. Encourage home trade, and particularly first-class establishments, if you have the prosperity of our city at heart.

Respectfully, I. SCHWARTZ & Co. nov 17

NATTAN'S CRYSTAL DISCOVERY is the only article entirely harmless which restores gray hair to its natural color and youthfulness. It is sold by all Druggists.

NATTAN'S CRYSTAL DISCOVERY contains no poisonous substances, no sugar-oil, lead, sulphur or nitrate of silver.

NATTAN'S CRYSTAL DISCOVERY restores gray hair in from three to ten days in every instance.

NATTAN'S CRYSTAL DISCOVERY supplies the hair with new vitality, and hence stops its falling out.

NATTAN'S CRYSTAL DISCOVERY is perfectly clear; it does not soil the finger nails, the finest fabric or anything else. Jewelry, which has been blackened by the various sulphur preparations, it not only does not dirty, but it is applied with beautiful cleanliness.

NATTAN'S CRYSTAL DISCOVERY makes dry and brash hair moist and glossy, without, however, making it sticky, as other dirty articles of this kind do. Pomades and oils may be used, if desired, with this preparation, without impairing its usefulness.

NATTAN'S CRYSTAL DISCOVERY restores hair to its natural color in a few days.

NATTAN'S CRYSTAL DISCOVERY has, in a number of instances, produced a new growth of hair, though it is not claimed that it will produce hair in every case.

NATTAN'S CRYSTAL DISCOVERY is put up in large bottles, containing over half as much more as any other in the market, while its effects are more prompt and positive; therefore, it is certainly the most economical article in use.

In short, there are a thousand reasons why you should use it in preference to any other—reasons which have induced the masses who use hair restorers to use it—and chief among which is the perfect safety with which you can apply it.

If you have not done so already, and though you may have used something before, or for years even, yet we can assure you that after giving CRYSTAL DISCOVERY a trial, you will gladly discard your previous favorite. If you doubt this, get a sample, and try it for this is the only preparation you can use with safety, and which will perform its functions promptly. Ask him to get it for you. Price one dollar.
